- Uphold the school's policy on this issue via their safe, lawful and ethical use of ICT services
- Provide guidance and model appropriate behaviour for use of ICT services in the classroom,
- Take reasonable steps to prevent and appropriately respond to any instances of inappropriate use of students of ICT services.

All staff members should be aware of the following in relation to their use of school technology:

- **Copyright** – Only software purchased or approved by the college, and installed by the college, can be used on college equipment. It is illegal to copy copyrighted software contrary to the License Agreement. Printing from CD-ROM or downloading and printing from the internet is allowed for the purpose of college related study and research. Software copying must be in accordance with legal requirements, and pirate software is not permitted on any college owned computer
- **Offensive material** – Deliberate attempts to seek, use or transmit material that is illegal or which would be regarded by reasonable persons as offensive is not permitted. Should offensive materials be received by staff members, they should be destroyed immediately. The Executive School Director has the final say in deciding that is or is not offensive in the school context, but will be guided by Section 85ZE of the Commonwealth Crimes Act which states that a person shall not knowingly or recklessly: 'Use telecommunication services supplied by a carrier in such a way as would be regarded by reasonable persons, as being in all circumstances, offensive.' **Use of the Internet in an offensive manner can result in criminal prosecution.**
- **Employer liability** – the school owns all messages and transmissions conducted through its system and therefore is legally responsible for all messages and transmissions. Staff should be aware that the school's computer system records all email and internet usage and, although records of usage are not monitored on a systematic basis, nor are random checks undertaken on email and Internet usage by staff, should an issue arise in relation to email and Internet usage, the relevant records would be accessed.
- **Technology harassment** – the school complies with all anti-discrimination legislation. Staff should be aware that email harassment and/ or technology harassment can occur on any of the grounds of discrimination. The school will not tolerate email and/ or Internet harassment. Any issue involving harassment or discrimination could result in disciplinary action

- **Privacy** – staff are required to maintain confidentiality with reference to student and family records and information, as outlined in privacy legislation. Where appropriate, the school will ensure the privacy of staff, student and family records through restricted access to records through restricted by relevant staff responsible for maintaining such information. Staff will be made aware through this policy and other appropriate forums e.g staff meetings, of the need to maintain information security.
- **Access** – Computer systems at the school are protected by password access as well as physical barriers where possible. At no time should third parties be given unsupervised access to school records. Access to student, staff and family records will be given only on the authorisation of the Executive School Director of his/ her delegate where required by law or statutory authority. Staff should ensure that confidential document or records are not left on desktops to be viewed by third parties, after-hours staff etc. students are not to be given access to any sensitive account information under any circumstances. This includes administration passwords, staff computers, student information or wireless passwords to access the Internet. Staff must ensure that any information supplied to them relating to “access” is not displayed in view of students or the public and is kept confidential. Access to all work-related accounts will be removed on conclusion of employment.
- **ICT Equipment** – All ICT equipment supplied to staff are for the purpose of work-related activities. Kutta Mulla Gorinna Special Assistance School retains all ownership of devices and content stored on them. Personal use is allowable provided it is not excessive and within the constraints of the ICT Acceptable Use Policy. Employment related data takes precedence over personal data. ICT resources may be accessed or monitored by Authorised Persons at any time without notice to the user. Authorised Persons must have a valid reason for accessing or monitoring use of Kutta Mulla Gorinna Special Assistance School ICT resources. All supplied ICT equipment is to be handed in prior to or on the final day of employment. Failure to do so may result in final payment of wages being withheld or costs associated with replacement equipment being deducted. Kutta Mulla Gorinna Special Assistance School retains the right to disable ICT equipment and related accounts in breach of this ICT Acceptable Use Policy. It is the responsibility of the staff member to remove personal data when relinquishing equipment at the end of employment. Kutta Mulla Gorinna Special Assistance School takes no responsibility for the loss of personal data stored on work related devices.
- **Viruses** – the school attempts to prevent and/ or detect viruses by ensuring suitable virus detection software is maintained on computer networks within the School. External disks will not normally be accepted into School computer systems. If an external disk is used on a School computer, it must be scanned for viruses prior to being used. No shareware type external games disks should be used in a School computer. Fields downloaded from the Internet are to be scanned for viruses. If files are in a zipped format, they are to be scanned prior to and after extracting the zipped file. Emails with attached files are also to be scanned for viruses. Please contact the Executive School Director if you detect a virus in school equipment.

- **Security** – Staff should report any security breach, including suspected security weaknesses and software malfunctions, to the school system to the Executive School Director immediately when they become aware of the breach. Staff members should be aware that staff involvement in a security breach is considered serious and may result in an official warning, counselling or termination of a staff member’s employment according to the severity of the breach.

Emails – staff are asked to follow the procedures below when using the college’s email system:

- **Use of disclaimer** – all email messages should have the following disclaimer included below your ‘signature’:
 - *Disclaimer: Whilst every attempt has been made to ensure that material contained in this email is free from computer viruses or other defects, the attached files are provided, and may only be used, on the basis that the user assumes all responsibility for use of the material transmitted. This email is intended only for the use of the individual or entity names above and may contain information that is confidential and privileged. If you are not the intended recipient, please note that any dissemination, distribution or copying of this email is strictly prohibited. If you have received this email in error, please notify us immediately by return email or telephone (07) 4829 4302 and destroy the original message.*
- In the context of the school’s risk management strategy, where appropriate, email messages containing information or advice to parents/ students/ school personnel and/ or other organisations, should include the following disclaimer (or similar):
 - *The contents of this message are provided without responsibility in law for their accuracy or otherwise, and without assumption of a duty of care by the school.*
- **Viruses** – for incoming email – as a matter of course all email attachments are checked automatically by virus protection software. If there is any uncertainty about a file, the Executive School Director should be consulted. Any files that end with .com or .exe should be first saved to hard disk and then scanned for viruses. If the source of the email is not known, it should probably be erased.
- **For outgoing email** – it is unlikely that any .com or .exe files will need to be sent. If they do, the files must be virus scanned before sending.
- **Use for official purposes** – email is recognised as an official form or correspondence and therefore care should be taken to ensure that spelling, grammar and format are appropriate to the professional standards required for school communications. Where appropriate, copied of email messages should be filed accordingly for future reference and access.
- **Use for personal purposes** – the use of work email addresses for personal purposes is not permitted. This includes registering access to user accounts such as subscriptions, personal banking, e-commerce etc. this allows more efficiency in navigating through work related email correspondence. Email facilities must not be used for individual commercial activities.
- **Absence from school** – individual staff members are responsible for the regular checking of their email messages. Staff should make arrangement for the checking of their email during any periods of leave. Alternatively, for staff on a period of extended leave, arrangement can be

made to have email forwarded to another address within the school, the appropriate arrangements should be made through the Executive School Director. Email 'out of office' alerts are to be activated when staff commence leave and should state an alternative contact and include a return to work date.

- **Action on emails** – all email messages should be actioned within appropriate timeframes. School emails are important for the day-to-day function and important communication within the school and must not be ignored. Messages that are intended for another member of staff can be simply forwarded to that staff member.
- **File management** – email will work more efficiently if not clogged up with unwanted emails. If certain emails need to be kept, it is worthwhile creating new folders(s) to keep these safe. It is important to delete messages, when no longer required. Good practices would be to delete the files once a day if they are not longer required.
- **Copyright** – as with all documents, staff should ensure that copyright provisions are followed in relation to materials transmitted by email.

Student responsibilities

At Kutta Mulla Gorinna Special Assistance School students have a responsibility to:

- uphold the school's Policy on this issue by ensuring the appropriate use of ICT services via safe, lawful and ethical behaviour
- report any breaches of this Policy to their year level coordinator as appropriate at Kutta Mulla Gorinna Special Assistance School.

Students are able to gain access to the school's Internet system by using desktop computers or school distributed laptops/ipad's whilst being supervised by staff. Students should be aware that when using school computers and Internet they are agreeing to the following:

- Only software purchased or approved by the school, and installed by the school, can be used on school equipment. It is illegal to copy copyrighted software contrary to the Licence Agreement. No software or data on the school computer system may be copied. Printing from CD-ROM or downloading and printing from the Internet is allowed for the purpose of school related study and research. Abuse or deliberate misuse of computer equipment will result in discipline by the Executive School Director and may include being banned from using all school electronic facilities for up to one term.
- Deliberate attempts to seek or use material that is illegal or which would be regarded by reasonable persons, as offensive is not permitted. The school Executive School Director has the final say in deciding what is or is not offensive in the school context, but will be guided by Section 85ZE of the Commonwealth Crimes Act which states that a person shall not knowingly or recklessly: 'Use telecommunication services supplied by a carrier in such a way as would be regarded by reasonable persons, as being in all circumstances, offensive.' **Use of the Internet in an offensive manner can result in criminal prosecution.**
- Students should be aware that all Internet access will be logged.

- If students are found misusing their access to the Internet or email by, for example, sending chain letters or abusive letters or accessing offensive material they will be referred for disciplinary action, and access to the network will be denied for a period specified by the Executive School Director.
- The school is particularly concerned that school's computers & iPads are not used for bullying or harassing another student. Students found using the school's system or any non-school electronic device, including mobile phones, for cyber bullying should expect severe disciplinary action, up to and including expulsion.
- Students are expected to respect the privacy and ownership of others' work at all times. This includes not plagiarising information they find on the Internet and presenting it as their own work, or copying work of other students, with or without permission, which is held in students' computer files.

IMPLEMENTATION

Kutta Mulla Gorinna Inc is committed to raising awareness of the process for reasonably managing the acceptable use of ICT services, including the following:

- **Awareness** – regularly raise awareness of acceptable ICT usage, including by the development and implementation of an acceptable use of ICT services policy, and via the clear support and promotion of the policy by the school board and executive management team.
- **Training** – regularly educate and train students and employees.
- **Record keeping, monitoring, reporting** – keep appropriate records and logs of ICT usage and monitor and report on any issues related to ICT services.
